

Coffee Hall is a place for the coffee community.

Your neighborhood. Your coffee.

Welcome to Coffee Hall, your neighborhood coffee shop and cafe where the service is friendly and the menu is diverse. Whether you're vegan, gluten-free, paleo or a true carnivore, you're sure to find something delicious to suit your palate. We also have a full coffee bar featuring organic espresso and a wide variety of organic loose leaf teas.

Some say our cold brew is the best in town.
